ERASMUS+ JEAN MONNET PROJECT

TRANSFORMATION OF IDENTITIES IN MODERN EUROPE AND RUSSIA

1 September 2019 - 8 March 2022

The project was dedicated to the study and dissemination of information about transformation of identities in Europe and Russia given historical background and modern trends. The project aimed to consider the formation of modern identities in the context of the interconnected influence and mutual exchange of cultures in the modern world.

In the framework of the project, seven events were held:

- Workshop "**Civil society and social identity formation**"
- Two rounds of focus groups and interviews with European and Russian students "**European and national identity: the views from young people**"
- International Conference "**Transformation of identities: the experience of the EU and Russia**"
- Conference "**European and Russian identity: challenges and tendencies**"
- Summer school for HEI teachers "**Teaching the European Union: current trends and tendencies**"
- International Conference "**Modern European society: identity transformation in the EU and Russia**"

880 participants
10 European experts
15 high-level Russian experts

22 countries, 20 Russian cities
56 Russian universities
218 reports, 13 lectures

The project united university teachers and students, researchers, administrative staff, representatives of local authorities, business community and civil society who participated in project events, panel discussions, master classes.

As result of project activities, the following materials were published:

- 3 overview articles and 2 articles on results of quantitative and qualitative research organized with Russian and European students
- 3 collections of scientific articles
- book on Modern European Society
- booklet for students on modern challenges of European and Russian identities

The project contributed to the promotion of European studies and improvement of knowledge of all target groups and a wide audience about the cultural and historical aspects of European and Russian identity, socio-cultural profiles of social and national identity, European identity in conditions of global challenges, integration and migration processes in Europe, multiculturalism in different European countries, youth identity formation in Europe and Russia and many other topics.

All project materials can be found on
